

Scrapheap Challenge

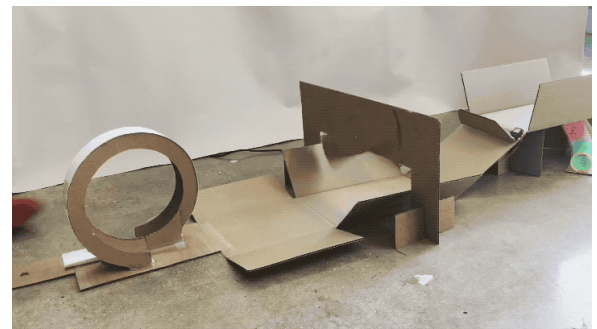

Your challenge if you choose to accept it is to build a 3-hole crazy golf course, this can be done inside or outside, wherever you have the space. If you don't have a golf ball don't worry, a tennis ball or equivalent will be just fine. This can be done either on your own or work with your Company to build your course.

You can use any items you can find to build your course and one of the holes has to have an obstacle which lifts the balls from the ground. For example, this could be a ramp, a see saw or 360 twist.

Your Crazy Golf Course Must Have:

- 3 holes for your course
- One hole must have an obstacle which lifts the balls from the ground
- Each hole must have a different obstacle / feature
- Each hole must have a name (be creative)

What We Need from You

Once you have finished your golf course make sure you take pictures/videos of your creation, share these with us on Social Media using the hashtag **#UniteBB** - make sure you include photos of you playing the course!

You will have until **1pm on Sunday 30th May** to submit your entries via social media - make sure you remember to let us know what Company you're from. The winner(s) will be announced during closing worship.

Scoring

The judges will score the finished courses by looking at the following:

- Creativity / uniqueness
- Level of challenge
- Construction & finish
